

The toplink cloud telephone system

The complete telephony solution from toplink's cloud. Connect all departments and locations of your company with a single telephone system that offers you a comprehensive range of more than 160 functions. Integrate home office and field staff with ease.

Your benefits at a glance

One telephone system for all locations

Locations, home offices and field staff can easily be connected to the telephone system via the cloud.

Easy administration

The setup and administration of the cloud telephone system is very easy via a web-based interface.

No service and maintenance costs

You don't have to worry about anything. toplink takes care of regular maintenance and updates for your telephone system.

No investment in hardware

There is no longer any need for a permanently installed telephone system in your company. You get everything you need from the cloud.

Flexibility and scalability

With the cloud telephone system, you can flexibly add extensions and pay only for each extension you use.

Smartphone use is possible

The registration of your fixed network number is easily possible via a mobile client on the smartphone.

The reasons to opt for toplink:

- ✓ connect Test: Good „top performance in all disciplines!“
- ✓ Pay per use principle – pay only for the extensions used
- ✓ Suitable IP telephone connection available at toplink
- ✓ Up to 100% discount on the setup costs
- ✓ All services are hosted in Germany
- ✓ One price – all features
